University student at Virginia Tech (Class of 2027) seeking a Summer 2027 Software or Front-End Development Internship to apply skills in Java, Python, C, and React.

PROJECTS

BakeBook – Mobile Recipe App (June 2025 - Present) | React Native, JavaScript

- Designed and developed a mobile app for creating, saving, and sharing dessert recipes
- Implemented user authentication, dynamic navigation, and scrollable inputs to enhance usability
- Built with full-stack architecture using AppWrite, integrating cloud storage, database, and backend services for scalability

Wikipedia Contributor – *Electronic Quantum Holography Article* (2025)

https://en.wikipedia.org/wiki/Electronic_quantum_holography

- Authored major sections and improved technical accuracy of a Wikipedia Article.
- Summarized complex quantum imaging research into accessible, peer-reviewed, citation-compliant content.

Author – “Amartya Dutta: Paving the way for new therapies using AI-assisted drug repurposing” *Center for Communicating Science* (2025) https://communicatingscience.isce.vt.edu/research-stories/Amartya_Dutta.html

Hokie Food Map – Mobile Event Locator App (August 2025 – December 2025) | React Native, Python

- Designed and developed a mobile app that displays and locates on-campus free food events in a team
- Implemented user authentication, dynamic navigation, search features, and live navigation
- Utilized a backend server with python scripts to gather event information and store user data

SKILLS

Coding Languages: Java, C, JavaScript, Python, HTML, CSS

Frameworks/Tools: React Native, ReactJS, Git, Linux CLI, Figma, GitHub Application

Other: Microsoft Office Suite, MATLAB, Google Workplace

Languages Spoken: Chinese (conversational)

EDUCATION

Virginia Tech, Blacksburg, VA

Bachelor of Science in Computer Science, Minor in Mathematics, Expected graduation May 2027 | GPA: 3.71 / 4.0

Relevant Coursework: Intermediate Software Design, Science Writing, Applied Combinatorics & Graph Theory, Data Structures and Algorithms, Computer Systems, Professionalism in Computing

EXPERIENCE

Safran Federal Systems GeoAI Team, Front-End UI/UX Intern

Arlington, VA June 2026 - Present

Chinese American Society at Virginia Tech

President (May 2026 – Present)

- Oversee the operations of a 20-person officer board for a 150+ member student organization
